

Project Status Report

Project Name	Lockheed Martin #2: Digital Twin Simulation		
Date	2/15/2021	Created By	Brian Jackman
Status RAG	Time	Team Member Participation	N/A
Progress Last Week	We began development by trying to generalize our application, allowing it to take in new inputs. We are also learning more about clang in order to use it to implement symwires.		
To Do This Week	Continue implementing symwires and generalizations.		
New Issues, Risks, Blockers	N/A		
Updates on Issues, Risks, Blockers Raised Last Week	It does not feel like we are on schedule. We need to get the team on the same page working together.
